

Dear Prayer Partner, October 2026

Thank you for praying. While we are very grateful for your financial generosity, we are beyond thankful for your prayers. We do need finances for many things, but as you well know, there are things money can not buy.

In our last prayer letter, we asked for prayer for our church family. God answered those prayers, but not in a way we were expecting. The day after we returned from getting our daughters settled at college, one of our dear, faithful ladies who had been suffering much went home to be with Jesus. We rejoice that her pain here on earth is over and she is with her Saviour, but we and our church family have felt her loss deeply. Her unsaved family asked me to do the funeral because they knew of her love for her church. The funeral was held here on the property, in the outdoor covered area, because there were too many people to fit inside our current building. I was able to give a clear gospel presentation to the over 200 people in attendance. Please pray for God to give the increase for those planted and watered seeds.

We also requested prayer for our Permanent Residency application to be approved. We got the news not long ago that it has been denied. This is a rather serious problem. We were able to get them to agree to a meeting the beginning of November to attempt to reverse this decision. Please, please be in prayer for this.

While there have been difficulties and heartbreaks over these last two months, there has also been much to rejoice in the Lord about. Tracy's health has steadily improved, a young father who has begun faithfully bringing his family to church requested a Bible to bring home to read to his family. We've had the health and ability to resume having people from church into our home again for meals and have greatly enjoyed getting to know them better. A young teenage boy from the village has shown desire to not only continue attending but also to help in the Sunday School class. Several families have begun working together on Saturday evenings to clean the church building in preparation for Sunday. We praise God for the generous hearts of the people to serve the Lord and their church family.

We would also request prayer for a church vehicle. We're finding ourselves at the crossroads of the great news of more people desiring a ride to church at the same time as our minivan has died. We're making it work, but are currently saving and looking for a more suitable vehicle. Thank you once again!!

For His Glory,
Dan and Tracy Dinsmore
