

September-October 2024

Dear Pastor and Church Family:

PASTORS' CONFERENCE: We have been having Pastors' Conferences and Workers' Conferences for many years and God has greatly blessed. I have a desire to see people saved, grow, and serve God with their lives. I want them to raise their children for the Lord. I also want to train our college students to serve the Lord in the ministry and for them to be used by the Lord to start churches and help churches that are already established. One of my greatest desires is to influence Pastors that are already pastoring churches. I want to encourage them and inspire them to do more than they're doing. In our Pastors' Conference, we try to help Pastor's wives and church workers in the church how to improve their ministries. We were praying for 600 pastors to attend our conference and the Lord gave us 745 Pastors, with 347 of these being first time pastors. We gave them Sunday school material, study helps, and different books to help in their ministries. Those 347 new pastors received a Thompson Chain Bible, and they were very excited.

STATESIDE: As this prayer letter goes out, I am in the States for a short visit. I was invited to preach in a conference. I'm here for about one month. I will go back to the Philippines on October 22. I was able to visit some churches that started supporting me while on the field. It has been a blessing to visit their churches for the first time. I have been greatly blessed.

PRAYER LETTER: I want to thank all of those that have been praying and supporting us over the years. Thank you for your faithfulness to stand behind us. We send out our prayer letter every 2 to 3 months. If at any time you do not receive our letter through email, could you please contact us so we will know. Sometimes we send out our prayer letters by email and some churches do not get them, or they've changed their email address. Please contact us at this email address: sissonmcbc@gmail.com and inform us if you are not receiving our prayer letter.

May God bless you,
Douglas W. Sisson
