EARLY YEAR EXCITING ACTIVITIES

Our children entered the year 2025 with several Bible Preachings in spiritual conferences and camps. As Pastor Doug Wood visited us, they helped with distributing the Bibles & books, feeding and serving more than 400 individuals in our Pastors Conference. Few days later, they gathered with more than 400 individuals from Harvesters Baptist Church Family around the area to listen to more Bible preachings by Pastor Lyle Featherstone. Few weeks after that, the children enjoyed the 1-week revival preachings from our Revival Camp in February and had renewed their commitments to the Lord. The children enjoyed the fellowship with more than 500 campers that week. Though we had our hands full in the two months that had passed, it was a joy in serving Jesus for all of us. Meanwhile, the kids enjoyed playing Domino game with their "Lolo" (Grandpa Wood) and had the annual tournament. Argie, Rhoda, Jhoanna, Julliene, Emman, Carlo, Matthew, and Chosen won in their perspective game level and received the Domino game as their reward. Some younger kids were thankful for the PH visit of some of Lolo's grandchildren such as Nolan, Gilmore, Cailyn, and James. They also went to the beach in Matabungkay beach and had fun with the whole Bayanihan family. We rented vehicles to transport all of them for about 2 hours to the beach. It was a memorable and exciting day for our children. After these exciting activities, it's the quarterly examination week for our students. They're now busy meeting deadlines and reviewing for their exam.

"BRING THEM IN"

Our youth are actively inviting unbeliever friends to their youth sports night every week. Their friends get to have opportunity to get saved. Some of their friends are now regularly attending the church. Thanks to these children for they also share to their friends the salvation they've received. Our efforts and prayers are fruitful especially when we see these children are fruitful as well in the furtherance of the Gospel.

UNLIMITED RICE

After some chores done, we took them to a restaurant that offers rice-all-you-can. Our boys definitely love rice! Carlo had 14 cups of rice for his quarter leg chicken while Romel had 11. We also had good time with Pastor Helon who visited us from Cambodia!
