

THE BOHMAN FAMILY

AFRICA FIELD DIRECTOR

March 2025

Dear Praying Friends,

The more we serve the Lord in Africa, the more we see that Africa is full of opportunity! The projected growth is incredible: estimates are that within the next 25 years, the population will nearly double. That means it will have one third of the world's young people aged 15 to 24. Within the next decade, Africa will have the world's largest workforce. It is already the most rapidly urbanizing continent on earth. All that is opportunity! Yes, opportunity for the investor, the businessman, but mostly for the church planter!

Sadly, there are others that are seeing the opportunities. Rogue governments are making agreements with both Russia and China, further destabilizing an already fragile continent both economically and politically.

However, we rejoice that there are over 100 missionaries with BIMI who are involved in 27 countries in Africa committed to the spreading of the Gospel no matter what the obstacle. In the midst of the spiritual darkness in this world, it is encouraging to see the Light of the Gospel going forward!

As mentioned in our last prayer letter, the Lord is indeed blessing all the various missionaries and ministries in Africa! In our former ministries in Kenya last year, there were nearly 800 decisions for Christ with two churches started! Amen! As seen at left, one of those churches is slowly building their building with a metal framework. Indigenous church planting in action!

Your prayers are appreciated as Lori and I make a couple trips back to Africa within the next two months. Besides visiting several of our missionary families, I will be taking a new family to the border of Uganda and Congo

where they desire to serve the Lord as church-planting missionaries one day. I also plan to host a conference in Kenya with all of our national leadership. This will be a special time as we have not seen them all together for several years. I look forward to being a help and encouragement to these faithful men of God.

On a personal note, my wife and I were blessed to become grandparents! On February 9th, James Lawrence was born to our daughter Heidi and her husband Noah, who is the assistant pastor of Friendship Baptist Church in Ewa Beach, Hawaii. We thank God for the precious gift of this new life, and we pray that James will grow to be a faithful servant of the Lord!

Until all nations hear,

Eric Bohman
