APRIL-MAY 2025

Dear Pastor and Praying Friends,

The last few weeks have been extremely busy for us in our studies as we have moved from beginner Spanish to intermediate. We are thankful to have more understanding and knowledge, we are just praying for wisdom to help us put it all together effectively in conversation. It is definitely a lot to take in, but we are trusting the Lord to give us the strength we need.

We appreciate the opportunity to be part of a good mission church here in the city while we are in language school. The fellowship of other believers and singing the hymns in Spanish is so encouraging. We obviously do not know all the words in Spanish, but we know what we're singing because of the beauty of the hymns. It is a blessing to be singing God's praises in another language. It is wonderful to serve a God who loves all and a Savior who died for all mankind.

We recently were invited to dinner with a couple families of the church. None of them spoke English so we had a fun night using what Spanish we knew along with some charades to communicate with one another. They were a great blessing and encouragement to us. We have had several opportunities to pass out tracts and Romans with church information throughout the city. We look forward to the day where we can use Spanish and be a more effective witness for Christ.

We greatly appreciate the prayers of God's people for safety and for His blessing upon us as we study Spanish. In a few weeks we plan to take another trip up the Amazon River where we will be visiting different villages and conducting medical clinics. As the people come for treatment and medicine, pray that they accept the life-changing message of the Great Physician. We know from the gospel records that physical needs brought many to Christ, but many people received more than just physical healing. That is our prayer for these trips. We desire to use our medical training as well as the Spanish we know to be a witness up and down the river. Please pray for the group that will travel from the US and a number of us that we'll meet the group in the Amazon. We ask that you pray as well for the Visa situation in the future so that we can stay and work where we believe God has led. Once our classes are finished, we will no longer have a student visa and will have to arrange other paperwork with the government. Please pray God gives us wisdom and favor. We want to say again that we sincerely thank each and every one of you for the prayers and the support that allows us to be here. We are still amazed at what God did and how quickly we were able to be supported and in our place. Our desire is to be good stewards with the opportunity. Thank you for laboring with us. In His service,

Aaron and Kristia Reisinger
