August-September 2025

Dear Pastor and praying friends,

We returned from a wonderful trip to the Amazon at the end of May and have been back in our language studies every week since then. We also decided to add a private conversation class to our other formal studies to try to help us along with the use of the language. The grammar classes have provided us with great foundation and structure, but obviously, we need to be able to talk and understand when we are in day to day conversations. Please continue to pray for our language learning and refining process.

We use tracts and other Spanish literature to try to be a witness when we are in cabs, Ubers or out in the public, but it is discouraging sometimes wanting to be a better witness and still struggling with the language. God did give us a unique opportunity recently as we were on a fairly lengthy Uber ride across town. We hadn't been traveling long when the driver spoke to us in very clear English. That definitely opened up an opportunity to have a more in-depth conversation. He had a tattoo on his right arm of the Star of David so I asked him if he happened to be Jewish. He explained that his grandfather was from Israel and that he had moved his family to Colombia several decades ago. I told him, as a Christian, I was very thankful for the Jewish people and how they faithfully cared for the scriptures through the centuries. He then asked me if I could explain the difference between a Catholic and a Christian. I explained that a true Christian is one who practices and believes the clear teachings of scriptures about who Jesus is and what He did for us. No tradition or word of man rises to the level of God's Holy Word. I tried to explain to him what it meant to be a Bible believing Christian. He listened very intently and when we arrived at our destination we left him with a Romans in Spanish as well as an invitation to our church. Please keep Miguel in your prayers. We have not seen him again but we hope to, and would love the opportunity to introduce this Jewish man to his Jewish Savior.

We currently have five months left on our student visas before they expire and we will need to make application for a different type of visa. The immigration situation here in Colombia is still difficult for long term residency. We ask for continued prayer regarding this process and that God gives us favor with the right individuals in the process. There will be a national election next year and we pray that this will place the right people in authority who will be more friendly towards immigration.

Thank each of you for your continued prayers and support for us. We are still amazed and humbled that God has given us this opportunity and each of you are a part of that for which we are very grateful. May God bless and keep each of you and may we all be found faithful.

In His service,
Aaron & Kristia Reisinger
