Dear Faithful Supporters,

September 2025

It's been a phenomenal summer. To start off the summer, we had the assistance of some good friends who helped with painting, electrical work, and numerous other tasks. Without their support, we might not have been able to utilize the bottom of the new building for the children's club.

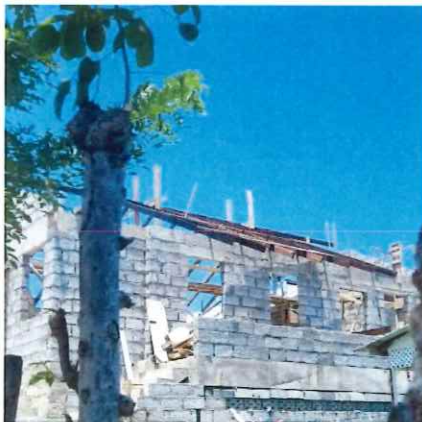

We were able to host two incredibly successful Kids Clubs this summer — one in each of our locations. Over 80 children heard the gospel. It was a blessing to have a teen group from our home church, FaithWay Baptist in Ajax, Ontario, along with their sponsors. They worked tirelessly and were a blessing to everyone.

We rejoice to share with you that the building project in Bruceville is progressing well! Step by step, the Lord has enabled us to see the work advance, and we are deeply grateful for each of you who have had a part - whether through your prayers, financial support, or even lending a helping hand. Truly, this is a work of God's people coming together for His glory.

After speaking with our sending pastor, he encouraged us to make both the need and this special opportunity known. We are excited to share that a generous group has offered to match any gifts given toward the completion of the building—up to \$20,000. This means that every dollar you give would be doubled, bringing the total to \$40,000. With this, we would be very near to completing the building. If the Lord would lead you to give at this time, your gift will have twice the impact in bringing this project to the finish line. We cannot thank you enough for standing with us in this ministry.

With grateful hearts,
Wes and Faith-Ann Bartley
