BUILDING for greater BLESSINGS!

“Jesus said: and upon this Rock I will build my church and the gates of hell shall not prevail against it”.-Matthew 16:18

Though perhaps not the only way to fulfill the great commission, we believe that church planting is the best way to fulfill the commission of Christ. We believe that the local church is the hope of the world, because through the church we carry the gospel, the only real hope for the world. Through the local church lives are being saved, converts discipled, homes restored, workers trained, laborers sent out and missions sustained. Jesus said, ***“I will build my church...”*** and we can partner with Him in that endeavor. The metro area population of São Paulo, Brazil has an estimated **24 million people**. The largest city in South America, this city's population is **greater than the population of 139 countries** in the world. In a city this large there is no lack of religion and religious sects. What is lacking are Bible believing churches. Though missionaries have been in the country for years, most avoid the BIG city. This would explain why we have only four BIMI affiliated churches in the entire São Paulo city limits. Recently, God has given us an amazing opportunity literally right next door to our main church. For years we have prayed for God to give us a warehouse adjacent to our church. This year the owner approached us about renting this 2,500 square building for two years with an option to purchase. We ask that you please pray for this opportunity to expand God's kingdom and provide a training center in this enormous metropolis.

This 2,500 square foot building brings several opportunities:

- ✓ - Allows the church to easily accommodate the 400-seat auditorium
- ✓ - Allows the current facility to be converted into an education center for a seminary and Christian school.
- ✓ - Allows for added classroom space and media ministries.
- ✓ - Allows for expansion of new nurseries and children's ministry

Buildings Don't Change Lives, But What Happens In Them Does!

Serving with

BIMI

*in Brazil for 30 years as
church planters*

The New Life Baptist Church is expanding to reach more people with the gospel.

The expansion will provide a 400 seat auditorium.

This warehouse next door can be easily converted

The education wing will be used to train workers, nurseries, media and future school.
