

## Missionaries in **Uganda, East Africa** since 1996

December – January 2026

Dear Friends,

It is our prayer that you have all had a Merry Christmas & a Happy New Year. We are thankful for all that God has done this past year and the blessings are too many to try to recount them all in one letter. As a family, we have been blessed with our first Grandchild – Charles James Bundy, our daughter, Kimberly, getting married to Titus Green, Stephen going to Bible College in January, and all of our children faithfully serving our Lord. It was also a great blessing to spend Christmas and New Years with our family here in the States.

In Ministry the Lord has allowed us to see **357 saved** and **53 baptized** this past year. Two more Churches were started. East Africa Baptist College had 56 full time students and we are averaging Over 500 students in our Christian School. We also purchased Two digital Printing presses and started Faithful Publishers Ministry. There are so many more blessings, but these are some of the Highlights. Thank you for your faithful prayers and support for this past year. We look forward to seeing what all the Lord has in store for us in 2026.

**Below are a some of the ministry goals for 2026.** Please be praying with us to meet these goals.

1. **Start two or more new churches with our college graduates.**
2. **See more people, saved, baptized, and discipled**
3. **Finish setting up the Faithful Publishers Ministry Print Shop**

Please continue to pray with us as we work on raising the money to purchase a heavy-duty electric Cutting machine (\$4,500), Folding machine (\$5,000), Book Binding machine (\$7,250), and Laminating machine (\$2,320). This equipment will help us to print larger quantities of John & Romans and New Testaments as well as Sunday School materials, books, and other materials. We do praise the Lord that \$4,500 has already come in to help meet this need.

Printing Ministry

4. **Construct a New Multi-Purpose Building** *Artist drawing of future building*

The greatest need we have at this time is for the Christian school. We have over 500 students from kindergarten - 7<sup>th</sup> grade. We have students from Uganda, Rwanda, Congo, South Sudan, Eretria, Ethiopia, Kenya, as well as from 10 other countries. This ministry has allowed us to see hundreds of young people saved and families joining the church.

We have also been able to help orphans, and single mothers in need of assistance with school fees. However, our current temporary structures (small structures approved by the local council) are running at double capacity. Land is very expensive, so we will need to take down the temporary structures and construct a four storied building with a basement.

This building will help us to reach many people with the Gospel, and we can assist more orphans and single mothers. It will be a multipurpose building that will also be used for Sunday School classes, storage for New Testaments, Tracts etc. for the printing ministry, programs for the youth and much more. It will also provide work for Bible college students who are training for ministry. This building will also help the school to be self-supporting and will assist in helping to start other ministries.

In Uganda we can use finished floors as we continue to work on the building. So, we will raise money in three different phases. The first stage of construction will cost \$350,000.

The Lord has already helped us to raise \$10,000 for this project. Thank you for praying.
