TO BELIZE

March 2026

Dear Prayer Partners,

What an incredibly busy couple of months it has been! Solid Rock Baptist Church of Belize has seen numerical and spiritual growth. There are a number of very faithful individuals and families that have been growing in their knowledge and love of our Saviour, as well as their desire to serve their church family. With the continued growth of the church and our daughter Makayla leaving in a couple of weeks to work in Canada for a few months before college, there is a growing need in the church for additional workers. But God!!! We praise the Lord for faithful souls who have been volunteering to help with the work. Some are training to teach Sunday School, some are helping in the nursery and youth group, while others are taking the responsibility of mowing the grass of the church property and helping with the continuing of projects around the church building.

The church family surprised both Tracy and me, respectively, with birthday surprises. They planned meals and cakes for everyone to share. Their generosity and kindness were such a tremendous blessing to us. Please continue to pray for these dear folks, that the Lord would continue to work in their lives and bless them richly.

I will endeavour to include pictures of some of these next events since pictures are worth a thousand words. We want to praise the Lord for the things He allowed us to be a part of these last two months. The ladies finished their nine-month study on the Names and Attributes of God and began a new study at the beginning of March. They are trying a different format this time, and we would appreciate your prayers that the Lord would work through that. The ladies also attended the 2nd Annual Ladies Conference. This is a conference that is put on by the different Independent Baptist missionary wives in the country. It was a huge blessing to our ladies, and my wife did a wonderful job speaking in one of the sessions from what I'm told. The men and the youth also had their own outings with groups of other like-minded believers from this country. We praise the Lord for the other missionaries here and the churches that the Lord is building. It is a blessing for our church to have opportunities like these to see that God is at work in people's lives all around Belize.

As far as immigration goes, we are still praying for our Permanent Residency to be approved. We did have our Police Interview, which is the second interview of the process. Praise the Lord! ...Just as I was typing those last words, we got word that the police have now followed up on our references and are pleased with the good things that were reported. Hallelujah! Now the paperwork can return to immigration for further processing. Please continue to pray.

For His Glory,
Dan and Tracy Dinsmore
