

ARCHIE & RUTH PEREZ MISSIONARIES TO URUGUAY

June 2026

Dear friends,

We send our warmest greetings from a very cold winter in Uruguay (no snow...we wish we had some...)

We cannot help but start our newsletter with two major praises!

1. Ruth finally has a date for her surgery. Lord willing, it will be done in the capital, Montevideo, on July 17. She will be admitted on the 16th, our anniversary day...but there is no better anniversary gift now than a new knee!

2. Lord willing, John and Beth Briley and our precious grandchildren will arrive in Uruguay on July 6th! Please, pray for all the details of their trip, container, documents, travel, and a survey trip when they get here. They will be here with us in Colonia for a few months before they move on to start their church.

Prayer requests...

Please pray for our winter Youth Retreat in the last week of June. We are trying a new campsite, closer (and cheaper) to Colonia, which makes it more convenient for everyone. Our young people are experiencing a great influence from the world and pressure from their non-Christian families. Even in the midst of a very liberal society, we have seen some young ladies and young men give their hearts to Jesus and have seen their lives transformed. Camps have always been a vital growing experience for our people. Pray for them to be bold and committed to Christ in such a wicked society.

During the month of September, we will have a pastor's retreat. We are excited and looking forward to this time of spiritual refreshment for our pastors.

Two of our young men, Juan Daniel Kechichián and Stephen Chauvie, are serving as evangelists with NBT in the Dominican Republic. We are thrilled to see how God is using their lives. Please pray for them.

We continue reaching the lost, making disciples, and developing spiritual leaders. Please pray for Leo and Sergio. They have a hunger for spiritual things, but come with a baggage of bad decisions in their past, typical of someone who does not know Christ. Pray for growth, discernment of God's Word, and healing from their wounds.

Thank you, dear pastors and friends, for your continued love and support of our ministry in Uruguay!
May God bless your families and places of ministry.

Let's continue investing in eternity!

Yours for Uruguay,

Archie and Ruth Perez
