

## **The Reed Family, Thailand**

**June 2026**

### **Seeking Truth**

For the last three weeks, we've had a visiting couple attend services with their teenage son. They are successful in their respective careers, and established in the community. They've studied Theravada Buddhism extensively as well. In their own words, despite their accomplishments, and knowledge, they feel empty and as if they have nothing in life. They began asking questions about Christianity to a family in our church, who invited them to Sunday services.

The first week, their questions over lunch were what it meant to be a Christian.

The second week, their questions centered on the difference between Buddhism and Christianity. Khun Sraay, Khun Pia, and Khun Milk spent several hours after church answering their questions from the Bible.

The third week, the first question was why the Christians they know seem to have peace.

Please pray for their family- Khun Boom, Khun A, and Bua. Pray they would respond to the gospel, despite many community pressures. Pray for wisdom as the members of Sila continue to share the gospel.

### **Ming and Natcha**

Please pray for Ming. He is Chinese and married to a Thai woman. Over the past few weeks, Ming and his daughter have been attending church regularly. Ming shared that he was formerly a Buddhist, but after a disagreement with a monk at the temple, he began considering Christianity.

As I spoke with him about the Gospel, he admitted that he had never really heard these truths before. He said he would think carefully about what we discussed and was open to continuing the conversation. Please pray for Ming's salvation, and for wisdom and opportunity as we continue to share the Gospel with him.

### **Land Update**

We are thankful for the progress made on our land project. So far, approximately 1,600 truckloads of fill dirt have been brought onto the property. We are currently finalizing the building plans and plan to begin construction after the rainy season has passed.

Please pray for wisdom and guidance as we search for the right project manager and trustworthy contractors to assist with this building project.
