

June/July 2026

The Season of Connect Trips has Begun!

"Preach the word; be instant in season, out of season..." (2Timothy 4:2)

The months of June thru September we have a season of Candidate School, two Camps, and four Connect trips. This season of ministry provides opportunity to invest in the next generation of missionaries.

Amazon Connect Med-Evangelism Trip 2026

Continuing the Mission of the Great Physician!

Here are some stats from the first team working in Brazil, Colombia & Peru:

38 team members traveled the rivers with us

596 patients treated through the mobile medical clinics

83 professions of faith in Christ which included baptism

7 villages where we held clinics ministered, and preached

Volunteers from the USA, Brazil, Colombia, Peru, and Paraguay

The **Amazon basin** holds over **40 million people** and the **largest concentration of uncontacted tribes anywhere in the world**. These remote villages are accessible during these months when the rivers are up and we can travel by boat into areas otherwise only reached by days of jungle hiking. The express purpose of the Amazon Connect team is stated by Paul in **Romans 15:20** *"striving to preach where Christ is not named"*. One of our primary tools in accomplishing this goal is the use of mobile medical clinics. The medical aspect opens doors to villages otherwise closed to outsiders, which gives our evangelistic team and national pastors an open door to present the gospel. The goal is to eventually see a church plant in the villages. We rejoice that in twenty years God has allowed us to see a harvest of souls and churches planted throughout the Amazon basin. Pray for the next teams leaving in August and September. As we labor together to reach the regions beyond, we have seen how God uses these trips in the lives of those who volunteer, as well. There are multiple examples of those who have been impacted on an Amazon Connect trip, which changed the direction of their lives to surrender to a life of full-time missionary service. The prophet Jeremiah explained this long ago by saying; **"Mine eye affecteth mine heart..."** As Christ commands us to **"...lift up your eyes and look on the fields..."**

New Life Baptist Church
An inner city church with a vision to reach the world

God is still sending laborers to the harvest

This warehouse can easily be converted for the auditorium & training center

The education wing will be used to train workers, nurseries, media and future school.

Buildings Don't Change Lives, But What Happens In Them Does!

This 2,500 sq. foot building brings several opportunities:

- ✓ - Allows the church to double it's auditorium size.
- ✓ - Allows the current facility to be converted into an educational center for a school and institute.
- ✓ - Allows for added classroom space and media ministries.
- ✓ - Allows for expansion of new nurseries and children's ministry.

Through this local church lives are being saved, converts discipled, homes restored, workers trained, laborers sent out, other churches planted and missions sustained. Jesus said, ***"I will build my church..."*** The metro area population of São Paulo, has an estimated **24 million people**, which is the largest city in South America. In a city this large there is no lack of religious sects. What is lacking are Bible believing churches. God gave us an amazing opportunity literally right next door to our main church. Many years we have prayed for God to give us a warehouse adjacent to our church. Last year the owner approached us about renting this warehouse for two years with an option to purchase. In the past year, while renting, the church has raised over half of the funds needed to make the purchase. **We will make an offer on the building next month.** We ask that you please pray for this opportunity to expand God's kingdom and provide a training center in this enormous metropolis. Recently we inaugurated a church on the other side of the city, which was started by a team from this main church. It is our goal to see gospel preaching churches established all over this enormous metropolis and throughout Brazil. The Amazon for Christ ministry was begun out of this church and continues to send teams to regions in the interior, as well.

Thank You for your prayers and partnership in the gospel!
We welcome CONSTRUCTION TEAMS looking for a project in 2027

If you would like to discuss this further, please contact me.
