

Many Blessings and Many Needs

God has been blessing in wonderful ways here in Chile. As you can see from the photos, things are filling up fast in our recently constructed building. So fast in fact, that we have a tremendous need to already expand the recent construction. We are building an additional 400 square feet of Sunday School/Youth space. While we would prefer it to be even bigger, it is all the space that we have left upon which to build. Why are we

Sharing the Gospel

New Construction

building so quick after just

finishing the initial building? We did not anticipate the tremendous growth that God would bring in. We certainly expected growth, but in the last few months, Sunday attendance has increased over 30% and we are literally running out of chairs. With several entire families coming in, there is a need for more children and youth space. The overall cost of construction is \$25,000, not including chairs and such, but God has already provided over \$16,000 leaving us with a need of \$9,000 to finish construction. We have had many needs over the past few years including the new building, medical and transportation needs, and you have been more than generous in helping to meet these needs. Could we ask for your help one more time? Any help would be appreciated and can be sent through our BIMl account, #1068, simply marked as building help. Pray that God would provide for this need and that He would help us finish this project. We hope to begin using the new space in just a few weeks as the contractor has agreed to finish the project without payment until we have the funds. Pray that God would continue to give us fruit for

His Kingdom. Please continue to pray for our son, Caden, as he is still struggling with the Crohn's disease. None of the medications have been working and he has been very sick. With insurance approval, the next medication will begin soon. Pray with us that God would work in his body, lift him up and strengthen him. Clifton & Tiffany Booth
