

ACCESS

to the Gospel through Medical Care

July - Aug '26

Dear Friends,

Thank you for praying for our July-August Access team. The Lord gave us a unique opportunity to serve in two locations: Akoyaté and Vavoua. An encouraging development is that the chief of Akoyaté has given a clear testimony of salvation and expressed his gratefulness for our coming. We are thrilled about the open doors before us as we begin ministry in Akoyaté.

The team shared the gospel both through open-air preaching and 1:1 evangelism. It is encouraging to read testimonies from our evangelism team.

- *"A lady came from the Catholic church. She's been going to this church to soothe her conscience. Upon hearing a clear explanation of the gospel, she decided to truly accept Jesus as her Savior. Joy was easy to see on her face."*
- *"A Muslim recognized that Jesus is the way, the truth, and the life."*
- *"A Catholic lady said that she has now understood the plan of salvation. She decided to give her life to Jesus."*
- *"A Muslim lady clearly accepted Jesus as her Savior."*

PRAYER FOCUS - MEDICAL TEAM FOLLOW-UP

- Open doors for witnessing
- Villagers' salvation
- Healthcare authorizations
- Team - Oct. 21 - Nov. 1
- Health and stamina
- Travel safety

Overall, the team treated 1,257 patients with 431 professions of salvation. Please continue to pray for us as we go back. I really look forward to the follow-up visits that come after a medical team. My team has made dozens of calls, I'm typing lists, and we will begin visits tomorrow afternoon. We have quite a bit of discipleship work to do to integrate these new believers into churches. Now, comes real testing as they break religious ties and family pressures to attend a Bible-based church.

Right "on the heels" of this team, another medical team will serve with us from Oct. 21 to Nov. 1 in the city of Daloa. We would be grateful for extra prayer that our healthcare authorizations would be approved. Our prayer is to serve with love and compassion those whom God places in our reach.

ACCESS

to the Gospel through Medical Care

Words cannot express how grateful I am to have such wonderful supporters as you all! Several gave generously toward construction in Vavoua. Your gifts allowed this growing church to move into its new building. Your prayers have brought me real strength and just the encouragement that I've needed during these months. Thank you - thank you! - to each of you!

All for the King,

Kristine
