REACHING THE WORLD WITH OUR TOOLS

Dear Friends,

September Prayer Letter 2026

CLAIM Inuvik & Tuktoyaktuk, Northwest Territories, Canada was packed with a little bit of everything imaginable – from roofing to siding to building an addition on cribbing because of permafrost, to eating whale blubber & being visited by a bear – we experienced it all! I even got to see a bit of the Northern Lights one morning around 2am. We had an amazing group who rolled with the punches despite missed or delayed flights as well as missing & damaged luggage! Our volunteers ranged in ages from 16 to 80! Together they made an unstoppable team. To God be the glory for everything that was accomplished! Here are a few pictures:

Upcoming Projects in 2026

CLAIM Ann Arbor Baptist Church, Ann Arbor, Michigan 2026 – September 21-October 1

This project will begin a week from today. There is much to be accomplished yet on this church addition.

Originally, we planned to hang drywall, tape, mud & possibly paint, but inspections have caused some delays, so we will go with no plans except to do whatever is needed! Please pray for our team to be a blessing!
