Alderman Lifeline

Togo, West Africa

October, 2026

Dear Praying Friends,

Jeanette and I celebrated our 50th wedding anniversary in June and were blessed to spend this milestone with our kids and grandkids.

The first of July we traveled to Trois Rivière, Quebec, Canada to replace a missionary couple who went to the states for a few weeks. We enjoyed working in their ministry and meeting precious Québécois believers who stand for Christ as lights in a spiritually dark place.

We were in a church on the outskirts of Montreal our last weekend in the province where we have a special connection. Jacque, (pictured with us) a member from that congregation accompanied me to Togo for a month in January. He fully engaged in ministry right beside me, and upon returning to Canada felt God was calling him back to Togo as a missionary. After counsel from his pastor Jacque is now making steps to return to Togo as a missionary. For years we have seen the need to have a missionary in the far north Dapaong area but God did not allow us to move there. Jacque feels strongly that this is where God wants him to serve. The Lord has not only answered our prayers, but also those of Pastor Soapa who has for years faithfully pastored multiple churches in the Dapaong area without much help.

We had a few short days at the end of July to transition our suitcases from cool Quebec to our next place of ministry, the Caribbean island of North Caicos where we had done furlough replacement ministry last summer. We returned to many of the same people in the congregation and several new folks as well.

This time we met a man named Simeon who came out of a background of serious drug and alcohol abuse before he accepted Christ. God used the messages He directed me to preach to open a conversation about many spiritual questions Simeon has had.

Jeanette met two teenage Haitian sisters, Rose and Sephora on the island last year. Sephora only spoke French and as Jeanette talked to her she was not convinced that Sephora had accepted Christ as Savior. This year she spent more time with the sisters and before we left Sephora gave a clear testimony of salvation. Jeanette is continuing to communicate with them as they grow in Christ.

A week after we finished our ministry on the island I headed to Togo to teach Bible Institute courses. We also gathered the pastors for a 3-day conference where I taught on money and finances from a Biblical perspective.

It was so encouraging to hear these pastors recount the many ways that God is leading in their lives and ministries. Pastor Henock (pictured with family) has been faithful for many years in spite of dealing with Epilepsy. A few years ago he started a Bible study southeast of Kara at Tchitchinda. We are thankful to have finally been able to start construction on a permanent building for the congregation he works with. Pastor Kossi expressed a major prayer request concerning his corn harvest as elephants again came through and ate all that would have been his staple diet for next year. He is understandably discouraged as he has put many hours of back-breaking labor into these fields and has nothing to show for it.

We appreciate your prayers as we continue the ministry God has called us to do.

Because of Him,

Randy and Jeanette Alderman
