Prayer Letter

Summer 2026

Summer Surge

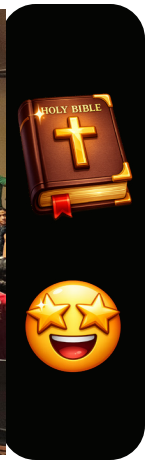

For active ministries there is always something going on, but there are certain seasons where ministry activity kicks into high gear. For us, the summer is that season. Between June and July we hosted three church youth teams and two surgical teams. Among the many activities that we participated in with the visitors were: local school ministry, work projects, Bible club in the mountains, mass literature distribution, our annual youth conference, ministry in the three churches that have been planted, interaction with children at Hope Children's Home, and being a general help. The two visiting surgical teams were able to help people languishing in a broken medical system. In eight days of active surgeries they were able to help 62 patients that were waiting on medical procedures. Our church was able to come along side to help with logistics and spiritual attention. So far we have seen 6 patients come to faith in Christ!

Praises/Prayer Requests:

1. Honduran family on deputation seeking supporters to assist them in taking the gopsel to N. Africa
2. Land need for church plant in southern El Progreso
3. 128 surgical patients helped (including our 500th patient since opening the doors of the Rearick Surgical Center) and 20 salvations through medical outreach this year.
