September/October 2026

Finishing Strong! The Season of Amazon Connect Trips Has Come To A Close!

"For a great door and effectual is opened unto me, and there are many adversaries". - 1 Corinthians 16:9

The 2026 season of connect trips, though amazingly fruitful, was not without its share of opposition and trials. The Lord blessed and allowed us to finish strong in Bolivia. Our final trip to Guyana, scheduled for September, had to be postponed until January due to a medical emergency with our youngest, Stuart, followed by the passing of my mother within a week of each other. We rejoice that "Oma", as called by my boys, was a believer and now with Jesus.

Family News & Prayer Request: Please pray for our youngest, **Stuart**, who has been autistic all his life, but recently has faced significant physical disabilities. He has been to oncologists, neurologists, endocronologists, numerous therapists and now being sent to Emory University for specialized testing. We are praying that a cause and treatment will be established soon.

Bolivia Connect: While in Bolivia we experienced many blessings as we ministered in the city, as well as, in remote jungle areas of the Bolivian Amazon. We began the trip in Santa Cruz with Jake and Sharon Wiebe, where our team participated in the dedication service of the new building for the ***Seminario Bautista Internacional de Bolivia.*** It was a blessing to see the work come to completion. There have been more than 90 graduates over the years and the enrollment now stands at 54 students studying for ministry.

The significance of these Connect Teams cannot be understated, as we are able to join forces and abilities to intensify the spreading of the gospel to people who otherwise would never hear. The **medical teams** helped us open doors in areas normally closed to the gospel, drawing the masses to us and giving them an opportunity to hear the message of Christ. The **evangelistic teams** were able to present the gospel in various ways planting seeds and leading people to Christ, which allows our missionaries to follow up with discipleship. The **construction teams** use their tools and skills to help build new church plants, while simultaneously building up the kingdom of God. What an amazing blessing to work together to further the gospel of Christ. **Thank you for faithfully praying and investing!**

Team Amazon in Peru and Brazil ministered in seven different villages

Stu spent a week in the hospital. Pray for him as he goes from doctor to doctor.

Seminary Students with Jake Wiebe training for ministry

Team Bolivia treated nearly 1000 people in 3 days with 54 professions of faith.

São Paulo Church Plant News!

The churches in São Paulo continue to thrive under the leadership in their respective ministries. In the month of November, Stephanie and I have the opportunity to be with two of the churches for their missions month and conferences. Each year our churches renew their commitment to world evangelism by teaching *"Faith Promise"* and promoting missions through a missions conference. It is always a blessing to see our Brazilian churches follow the example of the churches of Macedonia who, *"that in a great trial of affliction the abundance of their joy and their deep poverty abounded unto the riches of their liberality. For to their power, I bear record, yea, and beyond their power they were willing of themselves;"* (2 Cor8:2-3) By God's grace these Brazilian churches have supported dozens of national church planters and sent out laborers to other countries around the world.

"Any church that is not seriously involved in helping fulfill the Great Commission has forfeited its biblical right to exist" Oswald Smith
